Dr. Frank J. Regulski
President
Bio-Comp, Inc.
2116-B Bio-Comp Drive
Edenton, North Carolina 27932

Dear Dr. Regulski:

The Division of Waste Management, Solid Waste Section, has received your letter requesting to renew the permit for The Bio-Comp, Inc Compost Facility, permit #21-02. The compost rules do not provide for an abbreviated process for permit renewal. As a result, the information you submitted is not adequate to renew the permit for Bio-Comp.

In order for the permit to be renewed your application must meet the application requirements in section .1405 of the solid waste compost rules. Any changes in the operation of the facility should be noted in the operation and maintenance manual portion of the application.

If you have any questions please feel free to contact me at 919-508-8508.

Sincerely,

Ted Lyon, Supervisor
Composting & Land Application Branch

Re: Permit #SWC-21-02

Dear Mr. Lyon:

This is a request for renewal of the above Permit, which is due to expire on February 1, 2007.

Sincerely,

Frank J. Regulski, Ph.D.
President
